

Keep employees and customers safe as people return to work

It has become essential to protect employees and customers while they interact. MityLite Partitions now come with easy-to-clean polycarbonate panels.

Product Features

- Plastic panel surfaces are easy to clean and disinfect
- Free shipping inside the contiguous United States
- Features a 3-year warranty
- Manufactured in the USA
- Lightweight aluminum frame that is easy to move and set up

With these Partitions, you can help stop the spread of germs without disrupting business transactions. Perfect for field hospitals, COVID-19 testing centers, other healthcare environments, retail stores, and business offices.

Folding Partition

This Folding Partition expands from 3 feet to more than 19 feet. The design can accommodate any configuration required with a patented 360-degree hinge that allows each panel to pivot independently.

Telescoping Partition

This expandable partition can accommodate any straight wall length from 3 to 15 feet. Available in various heights from 6 to 7.5 feet, each panel slides adjacent to one another and telescopes out to the desired length.

Cleans and disinfects easily to help provide a safe and sterile environment. [Get detailed cleaning instructions.](#)
