ADD-ONS

In-Line Wheels

Our In-Line wheels are available in white or brown, and are professionally secured in our factory. This option is more subtle than the casters, while still allowing for easy movement.

Casters

These casters are professionally installed and offer a full 360-degree rotation, with a 2-inch spherical wheel that is complete with an antique brass hood. We recommend that the casters are fixed to front legs only to provide stability for your clients.
